

ASC Form Quick Lookup

Note: Please ensure all supporting documents are submitted with the ASC Form

The following categories require additional info

SHEDS	
1	Provide a photo of the home
2	Paint/Stain should match the home
3	Provide paint chips for each color selected (paint chip usually has paint name and code)
4	Provide a paint stir with sample of chosen color
5	The height of the shed should not exceed 8' at the highest point
6	Provide property survey (plat/plot plan) depicting where on the property the shed will be installed/built
Landscape Projects	
1	If adding landscaping borders they must be mortared in place. If using building bricks the holes in the bricks cannot be exposed.
Exterior Paint	
<i>We only require an ASC form if the color of the home is being changed</i>	
<i>If a new color is chosen, we require the following</i>	
1	Provide a photo of the home
2	Provide a photo of the homes to the right and left of the home
3	Provide a photo of the 3 homes across the street. The one directly in front of the home and one to the left and right of it.
4	Provide paint chips for each color selected (paint chip usually has paint name and code) *paint chip - a card showing a color or a range of related colors available in a type of paint.
5	Provide paint stirs with a sample of each color selected.
6	No property survey (plat/plot plan) is required for exterior painting
Note: the purpose of submitting the 6 photos is to ensure the colors within the 6 homes are not repeated	
Roof Replacement	
<i>We only require an ASC form if color and style of the new shingles are different from existing roof.</i>	
<i>If a new color is chosen, we require the following</i>	
1	A photo of the home, to show color of home and current roof color
2	The name of the color of their new roof and a picture of the shingles from the manufacturer website or the link to the manufacturers website
3	No property survey (plat/plot plan) is required for exterior painting
